

What We Learn in Kindergarten

This is a list of skills we will teach in kindergarten this year. Although this list is extensive, our content is not limited to this list. Based on our student skill levels, goals and lessons will adapt to fit our students needs.

Reading	Math
<ul style="list-style-type: none">• Understand features of print: left to right, top to bottom• ID the parts of a book• Name and write upper and lower case letters and sounds• Rhyme identification and production• Break words into syllables• Isolate and substitute beginning, middle, and ending sounds in words• Long and short vowel sounds• Read high frequency words• Read emergent level text for purpose and understanding• Answer questions about and retell stories• ID character, setting, and major events in a story• ID author and illustrators roles• Compare stories• Write multiple sentences with proper spacing, capitalization, punctuation, and meaningful content	<ul style="list-style-type: none">• Count to 100 by ones, tens, and fives from a given number• Write numbers 0-30• Represent a number of objects with a written number and count to answer how many• Understanding and counting means one more and represents that with numbers and objects• ID if a group of objects is greater than, less than, or equal to another group• Addition and subtraction word problems within 10• Take apart numbers to 10 in more than one way• Find the number to make 10 when given a number• Add and subtract fluently within 10• Put together and take apart numbers up to 20• Understand the concept of tens and ones• Describe/ compare/ contrast measurable features of objects• Put objects into categories and sort those categories by count• Name shapes no matter the orientation• Use terms of position: below, beside, etc• ID 2 and 3 dimensional shapes
